

ENGINE PRO - FEL-PRO CO-BRANDED PERFORMANCE GASKET SETS

NOW AVAILABLE WITH MLS HEAD GASKETS

MOST APPLICATIONS ARE NOW AVAILABLE WITH EITHER MULTI-LAYER STEEL OR STEEL CORE LAMINATE HEAD GASKETS

Engine Pro has partnered with Fel-Pro to create an exclusive line of co-branded performance gasket sets. Engine Pro performance sets eliminate the waste that results from buying a typical full set, then buying specific performance gaskets and throwing duplicates away. These sets include all the major gaskets required, including Fel-Pro's performance head gaskets, valve cover gaskets, exhaust header gaskets, oil pan gaskets and rear main seal. These sets do not include valve stem seals and intake gaskets, allowing customers to specify their precise requirements.

FEATURES • Top Quality Fel-Pro Performance gaskets • Fluorolastomer rear main seal

SETS WITH MLS HEAD GASKETS

PART #	APPLICATION	INCL. HEAD GASKET #
31-1000MLS*	CHEVROLET SMALL BLOCK 1957-85 265,283,302,327,350 UP TO 4.155" BORE	1143
31-1002MLS*	FORD SMALL BLOCK 1962-82 260,289,302 (EXC. BOSS & ELIMINATOR)	1133
31-1003MLS*	CHEVROLET SMALL BLOCK 1986-UP 350 NON-VORTEC 1 PIECE SEAL UP TO 4.155" BORE	1143
31-1004MLS*	CHEVROLET SMALL BLOCK 400 1970-80	1144
31-1005MLS*	CHEVROLET BIG BLOCK 396,402,427,454 1965-90 UP TO 4.370" BORE	1071-041
31-1006	CHEVROLET LS1, LS6 (HEAD GASKET BORE 3.945")	1160L-053,1160R-053

SILICONE GASKETS WITH STEEL SUPPORT CARRIER

Engine Pro silicone rubber gaskets for valve covers and oil pans are the perfect choice for performance engines. Each gasket (with the exception of #31-50504R) has a Steel Support Carrier which allows it to be removed and reinstalled without damaging the gasket. Stainless steel compression limiters prevent over tightening.

- Molded silicone rubber construction with steel support carrier (except #31-50504R) which is molded silicone rubber with no carrier
- Made in USA by an O.E. and aftermarket supplier
- Steel compression limiters (except #31-50504R)

VALVE COVER GASKET SETS

PART #	DESCRIPTION	THICKNESS
31-1628	CHEVROLET SMALL BLOCK (59-86) MOST CYLINDER HEADS EXCEPT EARLY "STAGGERED" BOLT PATTERN. FITS CHEVROLET 18 DEGREE AND BRODIX 12	.340 NOMINAL; .250 AT LIMITER
31-12869T	CHEVROLET SMALL BLOCK (59-86) MOST CYLINDER HEADS EXCEPT EARLY "STAGGERED" BOLT PATTERN. FITS CHEVROLET 18 DEGREE AND BRODIX 12	.200 NOMINAL; .160 AT LIMITER
31-50504R	LS1,LS6 - 4.8L,5.3L,5.7L,6.0L (1999-11)	
31-1635	CHEVROLET BIG BLOCK (65-84), 3 UPPER AND 4 LOWER BOLTS	.180 NOMINAL; .140 AT LIMITER
31-1684	FORD SMALL BLOCK (62-01)	.180 NOMINAL; .140 AT LIMITER

OIL PAN GASKET SETS

PART #	DESCRIPTION	THICKNESS
31-1880-1	CHEVROLET SMALL BLOCK, (75-85) RH OR LH DIPSTICKS, SIDE RAILS TRIMMED FOR STROKERS.	0.141
